LAUDER, I., A. M. ZAITOUN and W. A. AHERNE. The effects of dexamethasone on the cell kinetics of a murine malignant lymphoma 1

GREEN, R. J. L., J. N. WEBB and M. H. MAXWELL. The nature of virus-like particles in the paraxial muscles of idiopathic scoliosis (Plates I–III) 9

MACARTNEY, J. C., JUDITH ROXBURGH and R. C. CURRAN. Intracellular filaments in human cancer cells: a histological study (Plates IV–XI). 13

KITTAS, C. and L. HENRY. An electron microscopic study of the changes induced by oestrogens on the lymph-node post-capillary venules (Plates XII–XVI) . . 21

LEVISON, D. A., D. HOPWOOD, R. G. H. MORGAN, G. COGHILL, G. A. MILNE and K. G. WORMSLEY. Oesophageal neoplasia in male Wistar rats due to parenteral Di(2-hydroxypropyl)-nitrosamine (DHPN): a combined histopathological, histochemical and electron microscopic study (Plates XVII–XXIV) . . . 31

WALKER, ROSEMARY A. The demonstration of α lactalbumin in human breast carcinomas (Plate XXV) 37

FORRESTER, J. V. and IAN GRIERSON. The cellular response to blood in the vitreous: an ultrastructural study (Plates XXVI–XXXIII) 43

No. 2—October

MASSIE, A. P. A granular-cell pituicytoma of the neurohypophysis (Plates XXXIV–XXXVI) 53

CHAMBERS, T. J. and J. F. LOUTIT. A functional assessment of macrophages from osteopetrotic mice (Plates XXXVII and XXXVIII) 57

SMITH, M. J. H. and J. P. BOLAM. Anti-inflammatory effects of blood platelets in the rat 65

DEBONS, A. F., I. KRIMSKY, ANNETTE FROM, E. SICLARI, M. L. MAAYAN, K. FANI, and F. A. JIMENEZ. Action of gold thioglucose on pericapillary structures in the ventromedial hypothalamus (Plates XXXIX–XLIV) 73

DEBONS, A. F., I. KRIMSKY, ANNETTE FROM and E. SICLARI. Mediation by serotonin of gold thioglucose-induced necrosis of the ventromedial hypothalamus (Plates XLV–XLVII) 83

PAPADIMITRIOU, J. M. and P. J. RIGBY. The detection of a contractile apparatus in murine multinucleate giant cells (Plates XLVIII–LIII) 91

KAMAL, M. F. and A. C. P. CAMPBELL. Medial hypertrophy in the small intestinal arteries in systemic hypertension, renal and essential 99

No. 3—November

PAGE

HARTVEIT, F. Autopsy findings in cases with a clinically uncertain cancer diagnosis 111

GRECO, PAOLO, DOMENICO CUTRONA, ANTONIO RUSSO and GIUSEPPE GRASSO. A case of gastric teratoma (Plates LIV–LVI) 121

HULTSTRÖM, DIETER and ERIK SVENSJÖ. Intravital and electron microscopic study of bradykinin-induced vascular permeability changes using FITC-dextran as a tracer (Plates LVII–LXIII) 125

DINN, J. J. Distribution of *Herpes simplex* virus in acute necrotising encephalitis (Plates LXIX–LXV) 135

WILLIAMS, GERAINT T., A. J. BLACKSHAW and B. C. MORSON. Squamous carcinoma of the colorectum and its genesis (Plates LXVI–LXVIII) 139

MCCLURE, J. A comparison of the inhibitory effects of disodium pyrophosphate and disodium ethane-hydroxy-1, 1-diphosphonate on simple calcergy (Plate LXIX). 149

EMBREE, JOANNE, KURT ATERMAN and CHRISTIAN BELCOURT. Right-sided juxtaposition of the atrial appendages in an anencephalic (Plates LXX and LXXI) . . 157

No. 4—December

HOPWOOD, D., G. MILNE and KATHLEEN R. LOGAN. Electron microscopic changes in human oesophageal epithelium in oesophagitis (Plates LXXII–LXXVI) . . 161

SHORTLAND, J. R., K. M. MOUSAWY, R. C. REES and C. W. POTTER. Tumorgenicity of Herpesvirus Hominis type 2-transformed cells (line 333-8-9) in adult hamsters (Plates LXXVII–LXXXII) 169

CURRAN, R. C. and E. L. JONES. Non-Hodgkin's Lymphomas: an immunohistochemical and histological study (Plates LXXXIII–XCIII). 179

BROWETT, P. J., L. O. SIMPSON and J. B. BLENNERHASSET. Experimental granulomatous inflammation: the ultrastructure of the granuloma induced by injection of tubercle bacilli into Freund adjuvant-sensitised guinea-pigs (Plates XCIV–XCVII) 191
